## Antoinette and Ravi,

Antoinette was out the last few days. Ravi, maybe you could look to see if either date looks good for you and others you would want to be involved. I'd like to be there if I can.

If Antoinette is not in within a few days, maybe you could schedule this?

It is hard for Swenberg to travel to here, so I offered we might be able to arrange a video bridge as we did when the ACC folks met with Ken in RTP. If one of you can find someone in RTP to arrange the video link and welcome them to the meeting that would be great.

David

Hi Ravi,

At last we have some candidate dates from Dr. Swenberg that work for Dr. Starr!  
We hope that this will work for the EPA Formaldehyde modeling team.

Wednesday, Feb 13 in the afternoon.  
Wednesday, Feb 27 in the afternoon.

Antoinette, David indicated that you would assist coordinating EPA schedules. Let me know what works best for you.

Both Dr Starr and Dr Swenberg prefer to come in and meet in your VA offices so

there will be roughly 4 or so from the science/ACC.

Many thanks

Ann
